THE DESCRIPTION OF THE STARK C UNTY QUESTIONS.

> We observe that most of the Grant radical orators in Ohio have abandoned their war upon greenbacks and advocating hard money and are devoting themsdives to the Religious and School

They charge the Democratic party to be the servile ally or tool of the Catholic

Of course these unprincipled politicians well know there is not one word of truth in the charge. Our State Constitution guarantees outire religious freedom-allowing each individual to worship God according to the dictates of his own conscience—and this is the Democratic position—the position the party has always maintained and acted, on,

Jefferson in his inaugural in 1801 gave as the first article in his thirteen fundamental doctrinal statements :

"Equal and exact justice to all men of whatever state or persuasio. , religious or political." What single act of omission or commis-

sion on the part of the Democrats, justifies the villainous twaddle of the corrupt radical Grant leaders? "Oh, the Geghan bill, the Geghan bill,"

they yelp out. Now let us again publish this act of our General Assembly, for the Republican newspapers rarely do so. Here it is:

"A Bill to secure liberty of conscience in matters of religion to persons imprisoned or detained by authority of law. "SECTION 1. Be it enacted by the General Assembly of the State of Ohio, That as liberty of conscience is not forfeited by reason of conviction of crime, or by reason of detention in any penal, reformatory or eleemosynary institution, or any House of Refuge, Work-house, jail or public asylum of the State, no person in any such institution shall be compelled to attend religious worship or institution of a form which is against the dictates of his or her conecience; and it shall be the duty of every Director, Trustee, Superintendent or other person having in charge any such institution to furnish EQUAL FACILITIES to all such persons for receiving the ministrations of the authorized clergyman of their own religious denomination or persuasion, under such reasonable rules and regulations as the Trustees, Directors, Managers or Superintendents shall make; but no such rules shall be so constructed as to prevent the elergyman of a y denomination from fully administering the rights of his denomination to such inmates; provided such ministration entail no expense on the public treasury. Sec. 2. This act shall take effect from

and after its pas-age."
GEO. L. CONVERSE,

Speaker of the House of Representatives. ALPHONSO HART, President of the Senate.

The Chicago Tribune a leading Repub-

lican paper says: "Relative to the Geghan bill, passed by the Legislature in Onio, and providing equal privileges for all religious sects in public, reformatory, penal and eleemosynary institutions, there is no question as to its intrinsic propriety and justice. The Tribune has never reflected upon the character of this law, on the contrary, it has approved its purpose, and believes that such a law should be adopted in all States where bigoted officials exclude the inmates of any constitution from the consolation of their own church; where there is no official attempt of this kind, the law is unnecessary. The law embodies a principle of common justice, which needs only to be formulated

where the principle has been ignored." In the late Massachusetts Legislature Republican in both branches, an act similar to the so-called Geghan bill was passed by Republican votes. The bill is correct in principle and proper in practice. It is merely giving to inmates of all state institutions full and entire liber-

ty of conscience. Our opponents say the act was unnecessary. Let us see. During the administration of Hayes and Noves the Warden of the Pemtentiary was a partisan of the party in power, and, we believe, a member of the M. E. Church. The chaplain was a member of the same church. And during that time, every inmate of the Penitentiary was compelled to attend service no matter what his faith. His rights of conscience were ignored nor was he consulted at

This shows the necessity of this law. Suppose, for example the M. E. Church should become the roling element in the State, should furnish Governors, mem bers of the Assembly, Wardens and Superintendents of public institutions, have all the chaplains, in fact should be strong enough to have things their own way in these matters, this "act to secure liberty To pave Pennsylvania Avenue in of conscience" might protect the oppress-

It is to be seen then, there is nothing in this religious clamor of the radical Grant leaders, except a political trick to cover up their own iniquities.

And the school question is just as barren of food for the Republican leaders. The Democratic party, in their platform and in their practice, maintain intact, without division or innovation the Public Schools of the State. No Demogratic member of the General Assembly has ever proposed or mooted a division or abolition of the School fund. The Constitution of the State, a Democratic instrument, forbids it, our platform is open and avowed on the question. Why, then all this clamor charging the Democratic party with favoring one religious demonation above all others and aiming to break down the public schools? The only possible reason that can be given is, that these radical leaders aim to draw public attention from their own infam-

ous acts and evil policy.

Their systems of wholesale swindling, the corruption, extravagance and rob bery in all departments of the government, increase of salaries and all expen-ditures, the Credit Mobilier swindle, Paeific Mail swag, the Indian ring robbery, was indorsed and approved as an administration having "distinguished success," and Grant himself as "the capable and

judicious statesman."

It is only the old and knavish cry of "stop thief!" The Democratic party was in power fifty years or more prior to 1861 and no damage was done to religion or the pub-lic schools. The general Government was then run on honest principles and thievery and robbery were not the rule. first and reviewed Morton's speech made tive of individual rights of person and property.

Parsuant to call, the recently-elected members of the Democratic committee of Stark county met at the Ogden House on the 21st inst., the following gentlemen in attendance;

Alliance, William Creech; Limaville, Jacob Drayer; Washington, J. B. Yoder; Paris, Valentine Mong; Osnaburg, Geo. Lieptag; Nimishillen, Joseph Schillig; zaman; Plain, W. H. H. Bachtel; Canmiller; 3d ward, T. C. Meyer; 4th ward, plain. John McGregor; Bethlehem, J. H. Moog; Perry, Pat. Manly; Jackson, J. J. Snider; Lawrence, Andrew Hammer.

S. S. Geib, Esq., called the committee to order, when, on motion, William Dannemiller was unanimously chosen chairwas made secretary. On motion, the following gentlemen were appointed expaign: R. S. Shields, George Fessler, not call for such redemption? Johnson Sherrrick, James P. Sourbeck and Henry Altekruse.

A general interchange of views was had between members of the committee | 160 tents had been erected. and other gentlemen present. All expressed themselves highly pleased with our excellent ticket, and urged energetic work and organization with a view of getting out the vote. In this alone is Canton. victory.

It was on motion-Resolved-That the formality of a Senatorial convention be dispensed with, and that as A. R. HAINES, Esq., has received the unanimous approval of Stark and also of Carroll, and there being no opposing candidate for the nomination, Mr. HAINES is hereby declared our candidate for the Senate of Ohio in this district; and we hope and trust that so worthy a man and excellent a citizen may be triumphantly elected; and we shall earnestly labor to that end.

Gov. ALLEN declares the report that he is about to retire from the Ohio Demo cratic ticket a malicious falsehood. In a speech at Greenfield, Friday evening, the Governor said: "I am happy to announce to you that I have never in my life been sick; that I have never spent three days from necessity upon a bed, and that I now stand before you with five perfect senses, and with a vital organization which promises to me as much life as any man has a right to expect cash, who has lived to my age without experlencing in any particular the impairment of his vital organs. With regard to those rumors, of course it is as easy, when a man sits down to manufacture a story, to put two things in it as one. I cannot reply to all rumors which are put affoat, but I can say to you this: That I never have, and never will withdraw from a conflict in which the liberties of my country are involved."

Can any one tell why the "solid Catholic vote will be given to the Democracy this fall," unless it is because that party has pledged its support to "the Church" when the time of trial comes --- Elyria

The Cadiz Sentinel of last week says The editor of the Steubenville Herald a leading Republican newspaper in Eastern Obio, is a Roman Catholic. The Catholic priest of Steubenville, is also a Republican. Where is the holy alliance in Eastern Ohio? Has Hayes a secret understanding with the Pope? Two of the Reception Committee at Steubenville are Catholics. We roll up our eyes in

THE market value of Senator Morton's present views can be best estimated in the light of the following accurate statement from the New York World:"Upon every important issue of our politics for the last twelve years Senator Morton can be quoted upon both sides. He has eaten more dirt than any living demagogue, and at present is gorging himself with his own inflation speeches last fall upon the stump and last winter in Con-

Tug circulating greenback bonds in small amounts issued by government without interest, which go from hand to hand, are called rags by Republican leaders; but the big bonds, held by the favored few at interest, are something better than gold. Is it not curious that a note with interest is so much better than one without interest, both being given by the same party? Suppose we should call the bonds rags; what a howl there would be from the Grantites.

WE notice that our friend R. S. Shields Esq., has been nominated by the Democracy of Stark county as their candidate for Prosecuting Attorney. Mr. S. will be elected as a matter of course, and will make an able and efficient public officer. -Ohio Democrat.
